Project concept and description

Project Title:

Kemet Travel – Egyptian Tourism Company

Project Idea:

The Kemet Travel project aims to present a different vision of tourism in Egypt by highlighting the diversity of tourist attractions across the country. The project focuses not only on the pyramids, but also on museums, historical palaces, temples, and many other destinations that reflect the richness and diversity of Egyptian civilization.

Project Description:

This project focuses on creating a visual identity and a marketing campaign for an Egyptian tourism company called Kemet Travel. The main concept of the project is to combine the spirit of ancient Egyptian civilization with a modern design style in order to present Egypt in a contemporary and attractive way for tourists.

The campaign highlights a variety of tourist attractions in Egypt such as museums, historical palaces, and temples, emphasizing that Egypt is not only about the pyramids, but a rich destination full of culture, history, and unique experiences.

Visual Identity:

Color Palette:

The design is based on a color palette inspired by ancient Egyptian art and aesthetics, reflecting history, elegance, and cultural depth.

#d4af37 – Gold: symbolizes luxury and the richness of ancient Egyptian monuments.

#1c2a5c – Royal Blue: represents historical depth and the royal character associated with ancient Egyptian civilization.

#f5efe4 – Light Beige: reflects the color of desert sands and the natural environment of Egypt.

Typography:

The project uses a combination of two fonts to balance modern readability with a distinctive visual style.

Cairo: A clean and modern font used for body text and general content. It provides clarity and readability while maintaining a professional appearance.

Labstor: Used for headings and key visual elements to give the brand a unique and distinctive character that complements the overall visual identity.

Project Goal:

The goal of this project is to present Egypt as a complete tourism destination that combines ancient history, rich culture, and remarkable architecture, while encouraging tourists to discover new and diverse aspects of Egyptian civilization.

Target Audience:

International and regional tourists who are interested in travel, history, culture, and exploring unique tourist destinations in Egypt.
